

# Apollo 7

7W LED bulb, with BC or ES base.

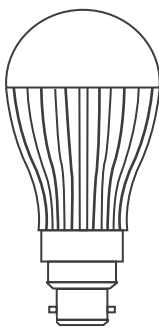

180° beam angle suits numerous applications.

Elegant, rich and long-lasting light.

ES Base  
Diameter: 49.8mm  
Height: 108mm

BC Base  
Diameter: 49.8mm  
Height: 104mm

Output comparable to 60W incandescent globe

Saves up to 90% in power costs compared to incandescent and halogen globes

Top quality Cree LED chips for maximum performance

20,000+ hours lifespan

Quality certification

- C-Tick, CE, FCC, ETV, RoHS and Laser Testing Compliant

Environmentally friendly

- No harmful UV or IR light output
- No mercury

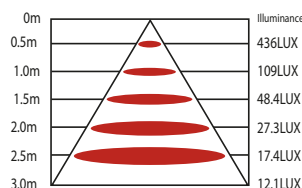

### Applications:

- Domestic or commercial
- Interior design
- Boutiques & shops
- Hotels

Power consumption	7W
Bases	ES & BC
Beam angle	180°
Input voltage	100~240V AC
Lumen maintenance	20,000+ hours
Operating temperature	-20°C to +40° C
Colour range, typical	Warm White 3100K, Day Light 6500K
CRI	80
Lens	Optics PMMA
Warranty	2 years
Humidity	0 - 95% non condensing
Order code	APOLLO7/ES APOLLO7/BC

Note: Not for use in totally enclosed fixtures.
